

What Went Well and Even Better If

What went well can be shortened to WWW.
Even better if can be shortened to EBI.

Here are some key phrases to use:

WWW vocabulary

'Well done on...'

'I like how you....'

'It was clear that you...'

EBI target language

'Next time, you might want to...'

'Try to...'

'It could be useful to....'

Peer- and self- assessment can be done as a whole class discussion, individually, in pairs or even in their groups.

For example:

Whole Class: “As a group, we have all understood how to..... However, we all need to work on..... We will now complete this task to develop this skill.”

Individual: “Here are your marked pieces of work back. Can you write down at the bottom of the sheet what you did that made you successful and what you need to do to be better next time please?”

Pair: “Can you swap books with the person next to you and read their work, writing down WWW (what went well...) and EBI (even better if...) beneath their piece of work.

Group: “Choose 2 members from the group you just worked with and tell them what they were great at and a target to work on next time”
